Our Broad Guarantee to Customers

Our guarantee is, we believe, one of the broadest and most liberal of any nurseryman in the country. Our guarantee means something to you, because it is backed by a firm with an established reputation, a firm that is established permanently. We guarantee our stock to reach our customers in good condition. We guarantee that all trees and plants purchased from us shall be TRUE TO NAME as labeled. For any stock which does not prove true to name and as represented by us, and as bought by you, we are to make good your loss or damage by reason thereof at any time within ten years of the date of purchase. In event we cannot agree we are each to appoint one arbiter who shall choose the third and the award of a majority shall be binding on both parties. If there is any mistake on our part in regard to the stock you purchase from us we want you to tell us about it, and we will adjust the matter to your entire satisfaction. Our interest in the stock we send you does not cease when it leaves our hands. We believe our satisfied customers are our best advertisements.

It gives us pleasure to offer you our 1923 Price List, to extend our thanks for your past patronage and to assure you that careful attention will be given to all inquiries or orders with which we may be favored.

Our INFORMATION DEPARTMENT is absolutely free and at your service. Owing to the scarcity of space, we could give only a little general information and have found that a personal letter answering individual problems is very helpful.

Our terms are cash with order or C. O. D., shipped either by express or parcel post. PLEASE, add to your remittance the few cents necessary to cover parcel post—which will insure safe and sure delivery.

As an inducement we will allow FIVE PER CENT DISCOUNT on all orders accompanied by cash during the months of February and March.

Our Nursery is located two miles north of the Connecticut Agricultural College on the main turnpike from Hartford to Providence.

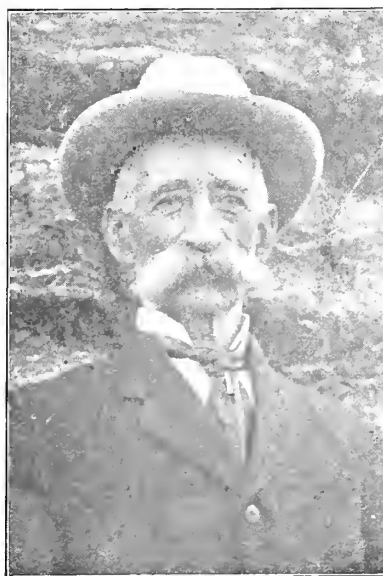

This Catalog is our only Salesman We Employ no Agents

We could not afford to sell our stock as cheaply as we do if we employed agents whose salaries and commissions often add 50 to 60 per cent to the cost of the stock.

OUR STOCK IS EXHIBITED AT NINE FAIRS OF SOUTHERN NEW ENGLAND AND AT BRATTLEBORO, VT.

Special Prices on Large Quantities

Dear Sirs: It is indeed a pleasure to testify to the high quality of J. R. Houston & Sons' fruit trees and to their prompt and courteous treatment. The greater part of my orchard of one thousand trees at Lake's Pond, Connecticut, was from Houston Nurseries.

Cordially, STRONG G. GARDNER, New Rochelle, N. Y.

STRAWBERRIES

The following list of strawberries have proven the best commercially out of several varieties which we have tested.

	Hundred	Thousand
Pocomoke	\$1.00	\$9.00
Sample	1.00	9.00
Howard No. 17	1.25	10.00

RASPBERRIES

	Color	Dozen	Hundred	Thousand
Cuthbert	Red	\$.75	\$3.00	\$20.00

Mugho Pine (Dwarf)	12-15 in.	2.00

Is this not true? That a home, no matter how well built, if standing on a bare lot never causes a favorable comment. It's a few dollars invested in SHRUBS and ORNAMENTAL TREES that gives warmth to the house and greatly increases its value.

To Whom It may Concern:

This is to certify that I live not far from the Houston Nurseries and have known Byron D. Houston for many years. I believe they are trying to give their customers good reliable stock at as reasonable prices as possible with the times. They exercise every precaution to have their stock true to name.

Most Sincerely,
A. T. STEVENS,
Professor of Vegetable Gardening, Connecticut Agricultural College.

Gentlemen:

I was exceedingly well pleased with the which I purchased from you. They were fine and made a remarkable growth—much to my Truly yours,

WM. FOW

Very truly yours,
WM. J. ANDERSON,
DIAMOND ORCHARDS.

Mr. Byron Houston,
Houston's Nurseries, Mansfield, Conn.

My dear Mr. Houston:

The guarantee printed in many nursery catalogues is not sufficient protection for the grower who plants trees, waits several years and then discovers that his varieties are not true to name. The replacement cost of the trees is not sufficient reimbursement for the time and labor expended upon such untrue stock. The nurseryman who stands back of his trees and is willing to reimburse the grower to the extent of his loss is to be commended.

Nursery stock which is guaranteed true to name, must of necessity cost the nurseryman more to grow, and the buyer must be willing to pay the increased cost of such trees. The smaller nurseryman has the advantage in the growing of "true to name" stock, over the larger grower, because he can give the work his personal attention.

With best regards for your success, I am,

Yours very truly,

S. P. HOLLISTER,
Professor of Pomology,
Connecticut Agricultural College.

Danbury, Conn.

Gentlemen:

The apple trees we purchased from you last year made excellent growth, better in fact than trees purchased where. We are planning on setting 300 to 400 more this year, and if you can supply our wants, expect purchase them all from you.
